ABOUT US

PT Equator Jingga – Established in 1998, an Indonesian company that specializes in producing various exceptionally high quality indoor and outdoor furniture with exquisitely stylish designs and the right amount of sturdiness.

With two factories in Indonesia, we have unparalleled access to artisans who skillfully handcraft the natural materials into intricate weaving and designs. As demand for new styling and material shifted in our key markets, we expanded our core products and added modern, synthetic materials, such as resin wicker, stainless steel or aluminum frames, and durable fabrics suitable for both indoor and outdoor uses.

We continue to incorporate natural materials, such as teak, abaca, and rattan, into our designs with a wide variety of eco-friendly finishes. Timber products are procured locally from responsibly-managed plantations or certified wood sources.

Today, our collection covers a wide selection of chairs, tables, chaise lounges, case goods, and upholstered items, all offering a contemporary feel, while still maintaining the attention to detail only found in handcrafted furniture. Additionally, we constantly work with designers and buyers to produce custom-designed pieces to meet their strict specifications.

PARSON DINING TABLE WEATHERED BROWN

Solid build of high-grade teakwood and powder coated iron. PARSON DINING TABLE'S design maximizes the legroom, making it perfect for 8 people. With our signature weathered brown and grey finish, this table accentuates the beautiful wood grain that only comes from teakwood, but without the years of wear and tear.
