Davide Tonizzo is a mash up. Born in Toronto, he was schooled as an engineer. His early years in design took place styling cars for Alfa Romeo, Fiat, Ferrari and Lancia in Italy. During many trips to Milan he wandered through the streets of San Babila admiring the diverse furniture collections of its showrooms. Thus began a love affair with this product genre also. Today Davide practices industrial design in Toronto and has a diverse portfolio of work encompassing transportation products, home décor, contract and residential furniture, ceramics, bath wares and handbags

He has won numerous awards for his products including two Chicago Athenaeum Good Design Awards and the Pinnacle Award. Davide's projects feature regularly in international design media. The last few years he has also branched out into film making, creating promotional videos for his clients and short vignettes on the design world.

Since 1998, Sundance has been manufacturing its own collection of contemporary indoor and outdoor furniture, as well as custom designed pieces for its customers. With factories in Indonesia, the company has unparalleled access to artisans who skillfully handcraft the intricate furniture designs using the finest natural and synthetic materials. Sundance is conveniently located in Denver, Colorado to better serve its growing list of North American customers.

“SUNDANCE IS PROUD TO INTRODUCE GIG, THE LATEST ADDITION TO THE COMPANY'S SIGNATURE COLLECTIONS. GIG IS THE RESULT OF THE COMPANY'S CLOSE COLLABORATION WITH DESIGNER DAVIDE TONIZZO ”

“GIG IS REALLY FOUR PRODUCTS IN ONE. A TRUE TRANSFORMER, IT CAN CHANGE FROM A CHAIR TO TWO OTTOMANS (OR CHAIR AND OTTOMAN), A CHAISE LOUNGE AND A BED. WITH ITS LIGHTWEIGHT CONSTRUCTION AND DURABLE FINISHES, GIG PERFECTLY FITS INTO A WIDE ARRAY OF RESIDENTIAL AND COMMERCIAL USES.”
